

- Legend**
- ⊕ Monitoring Well
 - ▲ Piezometer Cluster
 - Stilling Well
 - x-x- Communications Area fence
 - - - Inferred Groundwater Surface Contour Line (ft MSL)
 - Groundwater Flow Direction

- NOTES:**
1. Groundwater elevations based on 71-hour mean water level elevations above mean sea level.
 2. Piezometer PZ1D and PZ2D were not used for contour purpose.
 3. Due to large hydraulic gradient next to Waimanalo Stream, contour interval is 0.5 foot.
