

Historical Dump Sites in Chronological Order Bellows Air Force Station

Map Location	Description	Approximate Period of Use	Potential Waste Types*	Documentation**
Pre-World War II				
1	Pre-World War II Waimanalo Plantation dump probably located in this general area; reportedly covered by expansion of Runway 6-24 in December 1941	pre-1942	municipal, agricultural wastes	1943 Army memos (7)
World War II				
2	First "post dump", located "north of the coral quarry on top of the hill"	1942 - early 1943	municipal, agricultural, food preparation wastes	1943 Army memos (7); 1942 aerial photos
3	County-run dump site at Kaneohe	by 1943 - unknown	"wet garbage"	1942 and 1943 Army memos (24)
4	Possible county-run dump site at Kailua	unknown	unknown	1942 and 1944 Army memos (24, 21)
5	Second Waimanalo Plantation dump; about 3,500 ft W-NW of Bellows Field	early 1943 - unknown	municipal, agricultural, food preparation wastes	1943 Army memos (7); 1943 aerial photos; May 1943 drawing: "Waimanalo Plantation Refuse Dump Access Road"
6	Possible establishment of Army dump site at Lanikai	unknown	unknown	1943 Army memos (21)
7	"Base dump" at pier near end of Runway 3R-21; "completely filled" by September 1945	unknown - September 1945	municipal, food preparation wastes	1945 Army memos (5); May 1945 drawing: "General Plan: Combined Utilities"
Post-World War II				
8	Second "post dump" adjacent to Quartermaster's salvage warehouse	by October 1945 - at least 1957	municipal, food preparation wastes; landscaping debris	1945 Army memos (5); May 1945 drawing: "General Plan: Combined Utilities;" May 1957 drawing: "Ground Maintenance, AACCS Site Area #2"
9	Area between Revetments 32 and 33 designated "coral pit," several revetments in this area excavated by 1966 and the area is designated "dump area" through 1975	after 1955 - at least 1975	drums; other waste unknown	drawings from December 1955; May 1957; August 1966; April 1969; December 1975
10	"Surplus fill" from "rough clearing and grading" dumped here in 1957; this area designated "trash dump area" on maps through 1969	by 1957 - at least 1969	municipal waste; landscaping debris; metallic debris; drums; concrete debris; treated wood; transformer casings	drawings from May 1957; August 1966; April 1969
11	This area designated "dump area for asphaltic concrete and coral" on 1969 map	by 1969 - unknown	asphaltic concrete and coral	April 1969 drawing: "Install Fire Hydrants, Bellows AFS, Hawaii"

* Historical documents do not address the disposal of potentially hazardous wastes from military operations during World War II. It is possible that industrial wastes may have been disposed of in any of the above-referenced dump sites.
 ** Historical Army document numbers (in parens) refer to numbered references in Section 7.0.
