Denver, CO 80245-1530

VIA EMAIL: Janet.kieler@state.co.us

Dear Janet,

Thank you for your recent outreach and inclusive efforts to Colorado Environmental Coalition, on the upcoming Whole Effluent Toxicity Test (WET) stakeholder meeting on September 29th. Colorado's Implementation of WET measures is a matter of concern to the conservation community. Unfortunately, at this time, we are unable to procure the level of expertise needed to meaningfully participate in this meeting. Accordingly, we respectfully ask that you remove us from the proposed agenda.

Again, thank you for your efforts and we look forward to continued dialogue with CDPHE.

Thank you,

Becky Long
Colorado Environmental Coalition

Meghan Maloney
San Juan Citizens Alliance

David Nickum
Colorado Trout Unlimited

Steve Glazer
High Country Citizens Alliance
Rocky Mountain Chapter of the Sierra Club, Water and Aquatic Resources Committee
